

## SOLAR THERMOMETER

D2106

### Specifications

Housing: self extinguishing ABS

Mounting: panel mounting in a 29x71mm panel cut-out

Temperature range: -50~125C Switchable between C and F

Ambient range: -20~50C

Update rate: 15 seconds

Power supply: Solar

Accuracy:  $\pm 1C$  @ -20~30C, others:  $\pm 2C$

Resolution: 0.1

Front protection: IP65

Temperature sensor: NTC sensor

Standard Length: 1.5m( Optional)

Probe diameter:  $\varnothing 5 \times 25 \text{mm}$
